WLLS Area RAE Summary of Data Review 3232015 draft II (Repaired).docx

**Ben – I've coordinated with Scott, Mike and Stephanie and attached are the latest draft of talking points for the release of EPA's review of the AreaRAE data. I am assuming that you will next share with Mark. Can you send us all an email with the communication strategy for this one, based upon all you have heard?**

**During a meeting just now, Becky Weber said she needed to talk to Bob Jackson about the air monitoring data, so I do not know what, if any, impact that will have on our plans. I will try to find out.**

Thank you,

**Lynn M. Juett**
